

CO2/Zinc - Mineral Band of Life

The Band of Life-Co2/Zinc Mineral Band with *Green Vibrance is an easy, inexpensive way to energize a large container of drinking water.

Simply place your band around a 1-2 gallon container full of water. In 4 hours you will have healthy water that you can share with family, friends and pets.

Contents:

The Band contains a nano-coated copper mesh and actual PLASMA of CO2/Zinc, CO2 amino acids, and the PLASMA WATER of gold aminos, silver, calcium, magnesium, phosphorus, potassium, frankincense, myrrh, turmeric, boron, biotin, collagen and silver for overall balance to the body and emotions.

Size:

Approximately 3 ¼ wide X 11” long

Care:

Clean the plastic pouch with a damp, warm cloth only and as needed.

Directions/How to Use:

Simply place your plasma band around a 1 or 2 gallon plastic or glass container (not metal), then fill the container with water and allow it to sit for at least 4 hours or more. Your water is fully infused and you may sip on it through out the day.

***When you first start drinking your plasma infused water you may find that your body will detox and adjust. This is normal and as you continue to drink the water over time you may feel a heightened sense of well-being or lightness of being. You may also start to enjoy increased flexibility, reduced appetite, increased energy and a more clear, and peaceful state of mind.**

Color:

The CO2/Zinc - Mineral Band of Life is blue. * The color of the band may vary from light to dark and may be wrinkled due to vacuum sealing.

Caution:

***DO NOT OPEN OR REMOVE CONTENTS FROM THE VACUUM SEALED BAG. DO NOT INGEST OR TOUCH THE GANS INSIDE THE SEALED BAG. DO NOT PLACE THE BAND ON THE BODY.**
